My apple chapel

A Collection of
Mostly Vintage Apple Computer
and Macintosh Stuffs

This booklet is a brief cataloguing of many of the Apple items and other contents of my "Apple Chapel," a collection belonging to and maintained by Orin Johnson, detailed online at myapplechapel.com. Cover picture is a fish-eye lens view of the Apple Chapel from its entrance. Catalogue of items begins just inside the door to the left, and proceeds, more or less, across the shelves, from high to low, in a roughly clockwise direction around the room. All hardware is functional, unless noted. For more information, please email orin@orinjohnson.com. Thanks for visiting!
